**My Child's Learning Tool** - your doorway into your child's world of learning.

This resource prepared by learn Alberta contains information on the variety of educational choices parents have for their children.

### **Community Support Services Directory**

This directory provides information about the community and government supports available to newcomer families in Edmonton in areas of settlement, adult ESL programs, counselling, crises, employment, housing, health, and more ... The Directory contains links to numerous online resources and information.

### **Summer Programs**

These brochures provide parents of English Language Learners with information about learning and recreational opportunities for their children offered in and around Edmonton during summer break. These programs provide ELLs with the opportunity to learn new skills, make friends, have fun and most importantly practice their English while taking part in structured summer activities.

Summer programs usually start at the beginning of July. Information will be available on the website in the spring.
